

ZAHNARZTPRAXIS DR. EMINE GÜLTEKIN

Welcome to our Gültekin dental practice!

We are here for you! Our range of expertise covers all areas of today's dentistry. From bleaching, dental rehabilitation and dentures to veneers and dental implants to jaw joint treatment, in our dental practice. You are in the best of hands. We are your dentist in Frankfurt Höchst.

Consultation hours – we take the time for you

As an appointment practice, we can also guarantee very short waiting times for our treatment times. But our professional time management needs your help...

More about the consultation and treatment times!

Our consultation and treatment times are Monday to Friday from 8 a.m. to 6 p.m.

You can make appointments on these days during our office hours by telephone as follows:

Mon – Fri:

8:00 a.m. to 1:00 p.m

2 p.m. to 6 p.m

Your first appointment with us

We usually need about half an hour for your first appointment as an examination and orientation appointment. This exceeds the normal scope of a routine dental examination. We

would like to give you enough time to address your questions and requests to us. Without time pressure, we want to answer your questions.

Waiting times

As an appointment practice, we plan the consultation and treatment times in such a way that you hardly have to wait.

In order for us to be able to maintain this service, we would like to ask you to cancel in good time if you are unable to attend so that appointments can still be made for other patients.

Thank you for your understanding!

Appointments for acute toothache

If you have a toothache, you will be given an appointment at short notice (if possible immediately) during the day. Please call us in advance so that we can prepare for your visit.

You may have to wait a little before you can be treated.

Emergency services – because toothache knows no office hours

In urgent cases/emergencies outside of our office hours, you can get help by calling the dental emergency service of the Frankfurt Association of Statutory Health Insurance Dentists on the hotline 01805-607011 or at this address <http://www.zahnarzt-notdienst.de/>.

Contact – you ask, we answer
